REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

What a wonderful year this has been!! Our school family and community are second to none. This year has been a year of firsts. Student Council was reorganized this year, and the kids have been excellent ambassadors for our school. We had our first faculty staff basketball game. PTO held its first Spring carnival. We showcased our students' work during our first student extravaganza, featuring dinner from Outback. Our in-school credit union opened this year. Last but certainly not least, Pointe Time clubs were started this year. We partnered with USC in a longitudinal study of our 5th graders' physical fitness in a program called TRACK (Transition and Activity Changes in Kids). This year, the study began with baseline data and will follow these students for three years. All this was made possible due to our great faculty and staff and support from our parents and business community.

This year, we were a PALMETTO GOLD recipient. We are extremely proud of this honor because it is the highest honor possible in South Carolina for academic performance.

Throughout the year, our staff used district late-start days to create formative math assessment items. Our teachers also began implementing the Rock Hill Schools Math Expectation Guide. A strong emphasis was placed on implementing our Rock Hill Schools Literacy Expectation Guide. With the assistance of our district Literacy Coaches, several in-service activities were provided to teachers to support their implementation of best practices in literacy instruction.

During the 2009-2010 year, our PTO assisted our school in numerous ways. PTO filled in the gaps by providing funds for teachers to purchase classroom supplies and materials. Our business and faith-based partnerships continue to provide many resources to our students and staff.

The Old Pointe SIC worked this year on improving traffic concerns around the school. We are located off of a very busy four-lane road. This road has seen increased traffic recently with the addition of a Wal-Mart and other businesses close by. Currently, there is no signage informing passersby that a school is in close proximity. There have been several accidents as a result of this. Our SIC made a presentation to the Rock Hill traffic commission requesting that they look into this primarily for the safety of our students and their families. We requested that they install some sort of signage or light to alert drivers that a school is near. The response was favorable and the city is looking into installing signage. It is our hopes that the signage will be in place before school begins in the fall of 2010.

The 2010-2011 school year promises to be even better.
